Fortune and Great Place to Work® Name ARC Healthcare One of the 2022 Best Workplaces in Health Care™

Worthington, Ohio — Great Place to Work® and *Fortune* magazine have honored ARC Healthcare, LLC (ARC) as one of the [2022 Best Workplaces in Health Care™](#). This is ARC's first time being named to this prestigious list, this year coming in at #47 on the list. Earning a spot means that ARC is one of the best companies to work for in the country.

The Best Workplaces in Health Care award is based on an analysis of survey responses from over 161,000 current employees in the industry. In that survey, 98% of ARC's employees said ARC Healthcare is a great place to work. This number is 100% higher than the average U.S. company, with a national satisfaction average of 49%.

Amanda C. Ratliff, CEO and Founder of ARC Healthcare states, "The ARC Family of Companies strives at every intersect to build solid teams, be the employer of first choice, offer the best benefits available, train and promote within, and more importantly – bring joy to the workplace! What we do is complex, but our team always has a 'can do' attitude and a spirit of excellence. The team brings a wealth of knowledge and combined expertise to develop scalable solutions that address our customers' needs. We promote work-life balance and treat all employees like family. We have built a positive culture that collaborates and hold each other accountable, and at the end of the day know we made a positive impact on those we serve. As we continue to grow our footprint into the Government landscape, our commitment remains to identify the best talent available to fulfill our mission and align with our culture and values. I am so grateful for the commitment and dedication each associate demonstrates daily, and we are honored to receive this award as reaffirms our pledge to put our employees and clients at the forefront of all that we do."

The Best Workplaces in Health Care list is highly competitive. Great Place to Work, the global authority on workplace culture, selected the list using rigorous analytics and confidential employee feedback. Companies were only considered if they are a [Great Place to Work-Certified™](#) organization.

Great Place to Work is the only company culture award in America that selects winners based on how fairly employees are treated. Companies are assessed on how well they are creating a great employee experience that cuts across race, gender, age, disability status, or any aspect of who employees are or what their role is.

“It is our honor to spotlight the Best Workplaces in Health Care,” says **Michael C. Bush, CEO of Great Place to Work**. “Health care heroes have been on the front lines saving lives, and these organizations dug deep to tailor their support to the rapidly changing demands from the pandemic. We applaud their commitment to inclusive, high-trust cultures.”
